

Rachel's Home

# Information Sheet

P.O. Box 31 Plymouth, IN 46563

(574) 935 - 3953

info@rachelshome.org

1. Rachel's Home exists to provide housing and help to young women in crisis pregnancies through a maternity home and shepherding homes.
2. Rachel's Home is a non-profit organization and is funded entirely by contributions from individuals, churches, organizations, and groups.
3. Rachel's Home does not charge a fee for its services, but does require the possible client to fill out an application and go through an interview process. However, in extreme emergency situations, a contract can be signed, and the application and interview can be done after the client is placed in the home.
4. The ministry's operating expenses run on average \$2500 a month. If you would like to help us in covering these expenses, you can make a financial donation to the home, and your donation is tax deductible.
5. Rachel's Home is staffed by a live-in House Parent or House Parents. We also have an Executive Director who coordinates ministry criteria, and a Board of Directors who oversees all operations.
6. Rachel's Home also strives to match a client with a volunteer support person and provides classes and activities taught by volunteers.
7. Rachel's Home maternity home can house up to 4 expectant mothers, and Rachel's Home shepherding homes may provide housing to other pregnant women.
8. All clients are required to agree to Rachel's Home guidelines and rules, as well as completing required paperwork throughout their stay.
